Q: Attention: I've got a question I'd like to ask you, Mr. Oda. Isn't the photograph on the cover flap of volume 13 the same as the one on the cover flap of Shaman King volume 8? Huh? Huh!? **Huh!!!** From a Guy who wants to be called "Motchi."

A: You're right. As a rule, I don't put my photo in my comics. (If my face becomes known, I'll have all kinds of problems in my daily life.) Mr. Takei's Shaman King series, which also runs in Shonen Jump, was coming out the same month as One Piece, so we thought it'd be funny to use the same photo in both books. So the one sitting cross-legged is me, and the one smoking is Mr. Takei.

Q: Ms. Valentine's outfit is really cute. By the way, are those oranges on her dress? I'm curious.

A: They're lemons. Kya ha ha ha ha! Round slices of lemons. Kya ha ha ha ha!

Q: Mr. 5's Nez-Palm Cannon from volume 13 is basically boogers, right?

A: That's right. Kya ha ha ha! When I came up with the idea, I burst out laughing.
